

Performance Hoses

All the Performance with Less Weight

For maximum protection and reliability, more professionals and enthusiasts choose Russell Performance hoses. We offer a complete line of hoses and fittings to provide you the widest range of coverage for all your plumbing needs.

ProClassic Hose is constructed utilizing a synthetic rubber inner liner made from CPE and supported by a lightweight nylon fiber outer braid for a unique look. ProClassic Hose has a maximum pressure rating of 350 psi. It's easy to work with and will not scratch painted surfaces.

ProClassic II Hose is constructed utilizing a synthetic rubber inner liner made from CPE that's supported by multi-wire stainless steel braid to increase flexibility and a lightweight nylon fiber outer braid for a unique look. ProClassic II has a maximum pressure rating of 350 psi. It's easy to work with and will not scratch painted surfaces.

ProFlex Hose have the same great features as our ProClassic hose but utilizes a 308 stainless steel braided outer jacket. ProFlex hose is ideal for fuel, oil, water and transmission applications.

Twist-Lok Hose is constructed from all rubber with a CPE inner liner. It has excellent flexibility, abrasion resistance and is compatible with most fluids.
