

5" Touchscreen LCD Quick Start

GPS Antenna Connection

Push on & pull off connection.
Does not require turning.

Micro SD Card Slot

Handheld CAN Connection

Twist connector lock collar to lock in place on the display connector. Other end of cable connects directly to the CAN connector.

Modular Mounting Brackets

Slide mount into display housing.

To release from housing, press the locking clip and slide.

Suction cup mount will then slide into the two grooves on the bracket. Depress locking tab to remove.
